ECON 208: Microeconomic Analysis&Applic - Lecture (Section 003, CRN 2192) - Jiyoung Kim (Fall 2022)

Project Title: **Mercury Course Evaluation (Fall 2022)**

Course Audience: **159**
Responses Received: **55**
Response Ratio: **34.6%**

Report Comments

End-of-course evaluations results, as one indicator of teaching effectiveness, are used to:

a. to help instructors improve future offerings of courses;
b. to inform students about courses and instructors;
c. as a component of the teaching dossier; and
d. to help administrators and faculty committees in their decision-making processes.

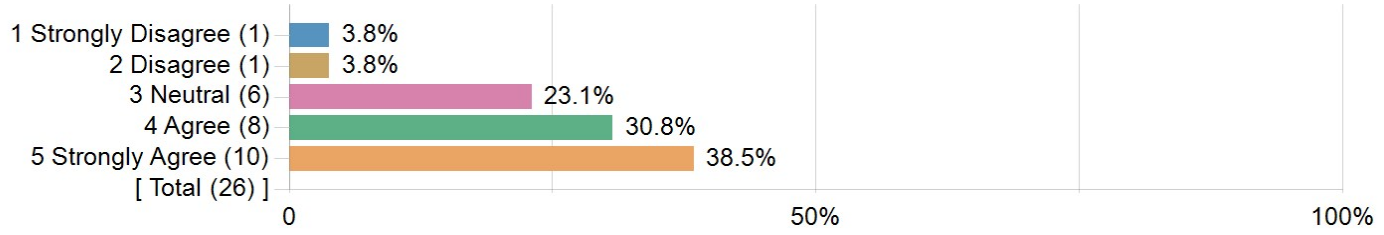

Written comments are treated as confidential and are not made available to the McGill community.

The course ratings reported here are only one indicator of teaching effectiveness and these results should be treated with caution since they represent reports on only one particular course.

explanations not always clear
Jiyoung was incredible. I wouldn't be doing nearly as well in the course without her conferences. If she wants to teach at McGill later, you should hire her.
she was very helpful. i think she did a great job in trying to teach the material the teacher was unable to explain clearly
Great TA that has tried her best to help students learn something despite the terrible guidelines and organisation of the teacher.
Very helpful and approachable!

ECON 209: Macroeconomic Analysis&Applic - Lecture (Section 001, CRN 2556) - Jiyoung Kim (Fall 2025)

Project Title: **Mercury Course Evaluation (Fall 2025)**

The TA conference led by Jiyoung was very helpful in reviewing important materials before the exam.
Took the time to answer my questions in a detailed manner and was very helpful.

The TA was amazingly helpful during office hours in understanding the course content or providing assistance with the assignments!
Never talked to her.
